

Family Nature Discovery!

Join Greater Mohican Audubon members for two family activities

Creek Discovery

Freer Field, July 8. 1:30-3. Come prepared to wade in the creek and net creatures. We will follow exploration with a craft. Meet in the Freer classroom at the park office building.

Habitat Discovery

We will take a short hike to explore habitats, using our senses. Later, we will record our observations and share with the group.

Gorman Nature Center, June 17, 2:30-4. Meet in front of the nature center.
